If you enjoy our updates at all, you'll love following us online!

Ntaba African Safaris

Have you already traveled with Ntaba?

If you've already traveled with us once, twice, or even three times, we still have more of the world to show you!

Have you seen Table Mountain, been on safari, experienced the thunder of Victoria Falls, & floated down the Chobe River? If so, then it's time to get into a whole new side of Africa - literally!

Tanzania & Rwanda each hold such vastly different experiences. Trek with Gorillas through The Impenetrable Forest & then follow The Great Migration around the Serengeti.

Whether you return to the same places or go somewhere brand new, you'll have a wild new experience wherever you are. Africa doesn't take a rest from being impressive.

Check out our destinations page on the website to see where you can go with us!

Robin & Stella are heading to Ethiopia & will soon be opening this new country up for Ntaba!

Rate us on Facebook!

Like, Love, Laugh, Share, & Give us 5 Stars if you're feeling generous. ;) Share with us your photos, your favorite part of the trip, or what you want to do next!

How cool is this chameleon we encountered on a game drive? It seems to be auditioning for our new mascot!

[*Featured Trip*](#) [2017 November Discover Spectacular Southern Africa](#)

This July join Ntaba African Safaris in [South Africa](#) & [Zimbabwe](#)! Spend 12 Days traveling through Southern Africa seeing everything from the City to the Bush!

See the infamous Table Mountain. Watch the most beautiful diamonds come to life (& come home with you!) from Cape Town. Meet the penguins that call South Africa their home. Drive along the coast to view the most spectacular views, & enjoy unique wines that are special to the region.

Next, you'll journey through history itself as you visit museums & exhibits that will take you back in the life of Mandela & what Apartheid was really like.

Finally, make your way to the thundering [Victoria Falls](#)! This is the world's largest sheet of falling water! Shop in a local craft market for unique gifts & souvenirs. Enjoy meals in the lodge overlooking the watering hole. You'll also do a bit more learning about the history of the area that will wrap up your stay there in a delightful way.

In between all these splendid activities, enjoy leisure time in the beautiful pools, partake in spa treatments, listen to the wildlife from your private tub, sip a cocktail or something on the rocks in the stylish bars. There are countless ways to make your stay unique to you.
