## EDGE

We want to preserve a wild, natural Africa for your next visit. To help make sure Rhino, Elephant and more are kept safe, we've partnered with Los Angeles-based non-profit EDGE, an innovative group dedicated to supporting and developing wildlife protectors and working with communities.

EDGE is a 501c3 that represents an international coalition of Rangers and Special Ops professionals, as well as community development partners, for a holistic approach to building communities and looking after threatened wildlife.

We encourage you to consider supporting them in your end-of-year giving and in 2020 and beyond, book a Safari with Ntaba to come and see EDGE's work — and participate in it!
